ELECTION IN SLIGO.

It Results in the Defeat of Mr. Parnell.

NO DISTURBANCE TAKES PLACE.

A Very Quiet Ending of an Exciting Campaign—Colliery Explosion Kills Ten Men at Staffordshire, England. Other Foreign News.

SLIGO, April 4.—The election to fill the seat in parliament for North Sligo, made vacant by the death of the late member, Mr. Peter McDonald, took place yesterday and resulted in the selection of Mr. Bernard Callery of Sligo, the McCarthyite candidate, who received a majority of 400 over his opponent, Mr. Valentine B. Dillon, Jr., of Dublin, the candidate of the Parnellites. The vote as announced, by official count, shows Mr. Callery to have polled 3,183 votes, and Mr. Dillon 2,783 votes.

Contrary to general anticipation, the election passed off without an thing like a serious fracture of the queen's peace having occurred. There was no flourishing of shillalabs, pounding of blackthorns, rushes of police, or charges of cavalry to fill in and round out the exciting Sligo campaign. Nevertheless, all night long the jaunting cars which conveyed the ballot-boxes from outlying voting precincts to the town hall were escorted into Sligo by formidable escorts of the royal Irish constabulary armed with loaded carbines and revolvers.

A Sensible View Taken.

LONDON, April 4.—A Vienna dispatch says that very little interest has been aroused there by the reported slaughter in America of a number of Hungarians and Galician Poles. The emigration of that kind is from the lowest dregs of the empire, and the Austrian government is the most aristocratic in Europe, even the electors being mostly of a substantial and superior class. No official interference has been given on the subject, but it was stated on usually well informed authority that there would not be an official inquiry into the matter. All political interest in Austria is now concentrated on the approaching session of the reichstag.

Ten Miners Killed.

LONDON, April 4.—Ten miners have been killed by an explosion in a colliery at Apedale, in Staffordshire. Workmen were promptly set to work in the portion of the mine where the explosion occurred, and the bodies of the dead were successfully extricated from the ruins. The accident is attributed to the presence of fire damp, which was ignited through the carelessness of some one of the miners.

British Take a Rebel Fort.

CALCUTTA, April 4.—Advices from Manipur say that the British have attacked and carried by assault Fort Thabait, situated twelve miles from Manipur, and garrisoned by 1,000 Manipuris.

Reduction of Wages.

LONDON, April 4.—The North of England iron masters have notified the men of a twelve and a half per cent. reduction in wages, claiming that the cost of production exceeds the market price five shillings a ton.

A SHORTER COLLEGE COURSE.

Some Radical Views of President Patton, of Princeton.

PRINCETON, N. J., April 4.—The March number of the Princeton college bulletin, a quarterly record and review, edited by President Patton and members of the faculty, contains a most interesting article by President Patton on "The shortening of the College Course."

In it the president says: "Boys should leave the preparatory school a year earlier than they do, and they should graduate as bachelors of arts a year younger than they ordinarily are. Then after three years in the prosecution of special or professional study they would take their degree of Ph.D. or receive their diplomas in law, medicine and theology. I do not think, however, that this end could be so well attained by shortening the college course—and here I am in accord with President Gilman (Johns Hopkins). The work usually done in the freshman year of our colleges can be better done in college than in the school. It must be remembered, too, that a large part of a college education, and in some respects the best part, grows out of the conditions of college residence and the influence that the students exert on each other. To shorten the period of college life by taking a year out of the curriculum would be a serious loss to the graduates as well as to the college corporation."

President Patton then discussed the tendency of institutions that are conducting only undergraduate courses of study to call themselves "universities." He adds that institutions that call themselves colleges are many of them already doing in advance work that is supposed to be long to the university, and that he is not doing it hope to do it. He holds that a few universities like Johns Hopkins, which will devote their energies in the main to encouragement of advanced and highly specialized investigation, will abundantly satisfy our intellectual demands. To obtain this amount of liberal education four years, he asserts, is not too long a period. The method to be followed during these four years is then dealt with.

"All the studies be all prescribed; shall they be all elective or shall they be in part prescribed and in part elective? The plan that with various modifications is being generally adopted in our American colleges and universities whereby during the freshman and sophomore years the students are in the main prescribed and where in the junior and senior years an increasing range of choice in the selection of studies is open to the student, seems to me to be the best solution of a problem that is beset

undoubtedly with great difficulties. It is a plan that combines in some measure, and it seems to me very successfully, the disciplinary system of gymnasium and need of the university using the word with the meaning imposed upon it in Germany. It is the natural and logical development of our educational system, and is commendable, however, unique, because it is the outgrowth of our historical conditions.

EASTERN STORMS.

Great Damage Done in Massachusetts and New York.

BOSTON, April 4.—The storm throughout New England is severe. A heavy northeast gale was blowing all night with snow in the interior and heavy rains on the coast. Throughout western New England there is from twelve to fifteen inches of snow. All trains are several hours late. The tide in the harbor is the highest for months. Many vessels are lost or damaged and their anchors and drifted on the flats. A vessel is reported to have run in on the Western Union cable at Newmarket bridge and communication with the city is cut off.

In Lowell the electric light plant suspended operations to avoid danger to men and women on the mass of wires which lie in the streets.

At Chatham the sailing rig was lifted from its foundation, and entirely demolished. Several large buildings were moved from their foundations and small vessels were driven ashore.

NEW YORK, April 4.—The heavy storm which swept over this section Thursday night did considerable damage, particularly to the east of New York. The storm was a companion by heavy wet snow, and a high wind which was very much increased by the high wind, and the telegraph wires to a great extent. The east suffered most in this respect and by so old there was not a single wire to eastern points, with the exception of New Haven. The same effects of the storm were felt throughout the state.

At Albany, N. Y.

ALBANY, N. Y., April 4.—A snow storm commenced here late Thursday night and yesterday morning twelve inches of snow had fallen. The telephone and telegraph services were interrupted, the wires being down and a number of poles broken. The street cars were unable to run until noon.

A terrific storm is reported on Lake Champlain. At Chatham there is two feet and a half of snow and it is drifting badly. It is the worst storm of the season so far as wires are concerned.

River Stagnant & Delayed.

POKESFILL, N. Y., April 4.—A heavy snow storm raged in the Hudson river valley all night. About a foot of snow fell, but only about six inches stayed for any length of time. It will take a week or ten days to get the telephone wires in good working order again. All the river steamers of the night lines were from three to six hours behind.

HEAVY ASSIGNMENT.

An Iron and Steel Company Fall For a Million Dollars.

PITTSBURG, April 4.—The Columbia Iron and Steel company, of Mount Union, Pa., made an assignment yesterday in favor of its creditors. Liabilities supposed to be \$800,000. The Pennsylvania construction company is forced to go with it, being an adjunct. Its liabilities are \$400,000, with assets of \$150,000. The assignment is attributed to bad management, high freight tariff, etc.

E. M. Butz, vice president, says the assignment is only temporary and the matter will be adjusted within thirty days. A number of large contracts for iron will be delayed on account of this failure. The men have not been paid for five weeks past, and the people at Uniontown are greatly exercised.

Supreme Court Justice Dead.

MADISON, Wis., April 4.—Supreme Court Justice David Taylor died suddenly last night. He had been in court all day, and going home, ate supper apparently in his usual health. Shortly afterward he was seized with a pain in the region of the heart, and expired before medical assistance arrived. He was born in Carlisle, N. Y., March, 1818, and came to Wisconsin in 1846, being chosen justice in 1876. He leaves a widow and five children.

Starved to Death With Plenty Money.

NEW YORK, April 4.—Kate Roache, aged 71, one of the characters of the Fourth ward, was found in her miserable hovel yesterday slowly dying of starvation. She was removed to the hospital where the doctors say she cannot recover. A search was made of her apartments and amid the rats and the stink the officers found over \$2,000 in gold and bills and bank books calling for nearly \$1,000 more.

President Harrison's Trip.

WASHINGTON, April 4.—The president's trip will be via Lynchburg, Roanoke, Bristol, Knoxville, Chattanooga, Atlanta, Birmingham, Memphis, Little Rock, Arkansas, Houston, Galveston, San Antonio, El Paso, Los Angeles, San Francisco, Portland, Tacoma, Seattle, Ogden, Salt Lake City, Denver, Omaha, Springfield, Indianapolis, Dayton, Xenia, Columbus, Pittsburgh and back to Washington.

Stopped by a Telegram.

WILKESBARRE, April 4.—Mary Sadler, aged 16, stole \$90 from her father's bureau drawer, in Penn Haven last night, and then eloped with her lover to this city. The couple boarded a freight train, the young man helping his sweetheart to mount a box car. A telegram cut her trip short. Detective Bauer captured them here, and the girl was sent home.

Bishop Ryan Improved.

WASHINGTON, April 4.—Bishop Ryan, of Buffalo, who has been seriously ill at Providence hospital for some time, left Washington last night for his home very much improved. It is expected that he will be out and around in good health in a few days.

REVIEW OF TRADE.

Condition of Business Reported to Dun & Company.

HOPEFUL ANTICIPATIONS.

Not Much Improvement Shown During the week on Account of Unfavorable Weather—Labor Troubles an Important Factor in the Present Situation.

NEW YORK, April 4.—R. G. Dun & Company's weekly review of trade, says: The actual condition of business does not improve, however hopeful the anticipations warranted. Unfavorable weather has prevailed over a large area, affecting local trade and making country roads still more difficult. Labor troubles are becoming an important factor, strikes having begun at many localities in the building trades and the great coke strike having resulted in riots and the calling out of troops.

The volume of all kinds of money in circulation is \$11,641,144 greater than a month ago, and \$1,564,412 greater than a year ago. Practically the entire increase in March has been in silver certificates and new silver notes, and the amount of gold certificates out has been reduced by exports of coin. Money is temporarily easier at some points on account of the April settlements, but at nearly all the interior markets quiet and comparatively easy. The failures for the first quarter of 1891 have been 3,310 in number, against 2,325 last year, and the liabilities, \$4213,331, against \$4,822,068 in the United States, but more than the entire increase, both in number and liabilities appears in the southern states alone. The eastern and middle states report fewer failures and smaller liabilities than last year, but the western states report nearly as much increase. In Canada the number of failures has been 575, against 635 last year, but the liabilities, \$1,018,351, against \$1,522,340 last year.

Trade at Boston has been quiet, boots and shoes are slow, the leather trade is moderate, and hides are weak. Cotton goods are quiet in first hands, but fairly active for jobbers. The movement of men's wool is unsatisfactory, and trade in wool is moderate with Australian still in especial demand Philadelphia wool quiet. Pittsburgh notes no important change, and Cleveland only fair trade, with Cincinnati, Louisville, St. Louis and Kansas City in the same condition. At Peoria local trade is below last year's, collections very dull, but makers and jobbers of implements note excellent prospects, sales exceeding last year's with fair collections. Chicago observes increase over last year in receipts of grain and cereals and 50 per cent. in wool, no change in cured meats and hides, and decrease in flour, lard, butter and 10 per cent. in dressed beef. Merchandise moves more slowly than a few weeks ago on account of bad roads. Memphis finds trade not yet near the normal, but at Atlanta it is improving, and at New Orleans where sugar is active at low prices; rice scarce and cotton quiet. Bad weather effects trade at Montgomery, and at Jacksonville there are fears of disastrous spring and summer trade.

London does not mend at all, for in confidence that strikes will soon end consumers are waiting. The lowest prices on record are made by some works for bar iron, and structural moves slowly, while wrought pipe is terribly demoralized. Pig iron is duller than for years, and buyers generally hold off as to rails, disliking to help the combination. Coal is flat, official prices being fifteen cents above last year, but with some cutting. A better tone is seen in copper, and speculation has advanced tone and lead shade. The woolen manufacture is doing fairly, but reports from the west are that growers look for high prices on the new clip of wool, which the present market for goods does not warrant. The boot and shoe trade is dull, and eastern shipments fall below last year's each week at present.

The rubber speculators have put new Para at ninety cents, and the syndicate claims to hold 2,500 tons, the world's consumption being called 1,500 monthly. Speculation in breadstuffs does not abate, and with sales of 33,000,000 bushels here, wheat is one and a half cents higher than a week ago. Corn is a shade lower and oats unchanged, but pork fifty cents per barrel higher, and lard a quarter of a cent per pound. Cotton has not changed, and trading is light. Coffee is an eighth stronger, and oil three-eighths, with small sales. The new tariff has taken effect as to raw sugar, and the price is now three-twelfth cents against five-nineteenth a week ago, while granulated is selling at four and one-half against six and a half last week. The average of all prices is a shade lower than a week ago. Failures during the last seven days number for the United States 311, Canada 32, total 343, as compared with a total of 256 last week, and 275 the week previous to the last. For the corresponding week of last year the figure was 206, representing 189 failures in the United States and 17 in Canada.

Sensational Scene in Court.

KANSAS CITY, April 4.—Charles Meyers, the picolo player who murdered James Weir, with a coupling pin and robbed two corpses Jan. 1, 1888, was yesterday after three trials, at one of which he was convicted, acquitted on the ground of insanity. Meyers' attorney, Frank Lowe, who has fought hard for his client's life, was stricken with apoplexy when the verdict was read. Fears for his life were at first entertained. He was removed to his home in a carriage. Meyers betrayed no feeling at all.

Postoffice Burglarized.

OMAHA, April 4.—Burglars broke open the postoffice at Davy, Neb., and secured \$300 of booty. They stole a hand-car and pumped to Lincoln, a distance of twelve miles. There is no clew to as to who the thieves were.

ITALY'S DEMAND.

It Is Said to Be in a Fair Way to Be Satisfied.

WASHINGTON, April 4.—The latest news from Rome is to the effect that Minister Porter has been striving, with considerable appearance of success, to induce the Italian ministers to be content with an assurance that the indemnity will be forthcoming for the families of the Italian subjects who were lynched at New Orleans.

Popular sentiment, however, is averse to such a course, and apparently bent on a serious demonstration toward the United States. The issue, says the correspondent, seems to be between the government on one hand, with conservative instinct and aims, and a powerful popular influence on the other.

Baron Fava Ill.

WASHINGTON, April 4.—In early last night at Baron Fava's residence a question was asked whether the baron would leave for New York by a late train in order to sail for Italy to-day, was answered by the statement that he was ill. The servant of the baron would take no cards to the baron, and could not, or would not, say how ill the baron was, or answer any questions about his preparations for departure for New York. It can be stated, however, positively that he will not sail for Europe to-day.

The Report Comes.

WASHINGTON, April 4.—Attorney General Miller has received a telegram from the district attorney at New Orleans stating that he would forward his report of the lynching of the Italians as soon as possible. He also asked for additional instructions.

O'MALLEY RETURNS.

New Orleans Alert to See What the Vigil Committee Will Do About Him.

NEW ORLEANS, April 4.—Detective O'Malley, for whom the Pinkertons and local detectives have been looking since the Italian slaughter here, three weeks ago, quietly walked into the criminal court yesterday and surrendered himself. He was accompanied by his attorney, Lionel Adams.

As the vigil committee has announced that he will not be permitted to live here, much interest is evinced to know what they will do now. O'Malley is accused of bribing the jury in the Lemme murder trial.

O'Malley looks well though rather pale. He would not tell whether he had left the city or not. Barry said he had been here all the time. The feeing against Detective O'Malley is intense, and threats against him have been made by many since his arrival in town. The news that he had surrendered to the officers of the law spread rapidly, and a call for a meeting was issued. The meeting was held in a saloon on Common street, and at it the question of hanging O'Malley was taken up, and some favored stringing him up to the nearest lamp-post. Sober judgment prevailed, however, and after a spirited discussion it was resolved to allow the law to take its course, and if the outcome of the trial was not what the people required then summary vengeance would be meted out.

KNIFE AND HATCHET.

They Figure Quite Prominently in a Fight at Muncie, Indiana.

MUNCIE, Ind., April 4.—Last night at a late hour when Curtis Johnson called on his wife at the home of her mother, Mrs. E. Luckey, he found the door locked and Tate Wolfe in company with Mrs. Johnson.

Curtis kicked the door in and went after Wolfe with a knife, but was met and fell to the floor in an insensible condition from two blows on the head from a hatchet, which inflicted frightful and dangerous wounds. He was then carried to the sidewalk where an officer found him in an unconscious state a half hour later. He was kindly cared for, but his chances for recovery are doubtful. Wolfe escaped arrest.

Preparing for a Big Funeral.

GREENSBURG, Pa., April 4.—The remains of the Nicely brothers, who were executed at Somerset Thursday night, arrived in Lioniger at 11 o'clock Thursday night. The bodies were taken from the coffins and placed in more expensive caskets, ordered by their father. There were no persons present except their families who showed in expressions of grief how keenly they felt their untimely end. Old Mrs. Nicely was completely prostrated, and has been a raving maniac ever since. Dr. Belts, the attending physician, fears she will never regain her reason. The funeral will occur Saturday afternoon, and will be one of the largest ever witnessed in Lioniger valley.

The Kincaid Trial.

WASHINGTON, April 4.—Owing to the sickness of one of the jurymen nothing was done in the Kincaid trial case yesterday morning. The court met and took a recess until 1 o'clock at which time the sick jurymen had arrived, and Mr. Clagett opened the argument for the government. Mr. Clagett in his argument maintained in describing the shooting on the Capitol steps that Kincaid was guilty of murder. At 2:30 the sick juror's exhaustion compelled an adjournment for the day.

Arrival of Immigrants.

NEW YORK, April 4.—During the month of March 42,767 immigrants arrived at this port, or 13,131 more than in March, 1890. Italy heads the list with 7,669. Several Italian immigrants were detained at the barge office yesterday because they had consumption, this disease being classed as contagious under the new immigration law.

Escape From Jail Frustrated.

MONTREAL, April 4.—A plot to secure the escape of all the prisoners in the jail has been unmasked, and yesterday two guards were suspended and the resignation of two others was accepted. It is alleged that for a long time, prisoners who had money or influential friends outside could, by bribing guards, secure anything they wanted.

BROWNING & CO.,

HAVING COMPLETED THE ADDITION TO THEIR STORE, NOW HAVE THE

BEST-LIGHTED and ARRANGED DRY GOODS STORE IN THE CITY!

BROWNING & CO., 3 East Second St.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, APRIL 4, 1891.

Out of Funds in Kentucky.

The last dollar in the State Treasury was paid out yesterday, and from now on to July, when the Sheriff begins to turn over their collections, the deficit will grow.—Louisville Times.

Well, well, this is a serious admission from a Democratic organ.

What has become of the money, Mr. Times? The Democrats didn't squander the funds, did they? An anxious public awaits your answer.

Now come to the front and tell what became of the money, and remember that the Democrats are responsible for this deficit as they were for Dick Tate's stealing also.

The Democratic State press will touch on this deficit very lightly as it is something they don't want to discuss very loudly.—Lexington Leader.

Dear little Leader, the last Legislature reduced the rate of State taxation from 47 1/2 cents to 42 cents, on the \$100. Governor Buckner told the law-makers at the time that 42 cents on the \$100 would not provide sufficient revenue to run the State Government, and warned them that their action would result in a deficit, but the poor fellows imagined they knew more about it than he did, and passed the measure over his veto.

If you are blessed with an ordinary amount of common sense, you will now understand what has caused the present deficit. There has been no squandering. The present State officials are not built that way.

If it takes \$1,000 a month to run the Leader, and you cut down your income until it is only \$800, you'll be confronted with a deficit at the end of the period.

Now, don't be so fresh hereafter. And don't be so ready to charge the Democrats with squandering public funds when they are not guilty.

DURING the month of March 42,767 immigrants arrived at New York, or 18,434 more than in March 1889. Italy heads the list with 7,869. The recent lynching at New Orleans doesn't seem to lessen the number of organ-grinder immigrants. If these people who are crowding into our country are proper subjects for citizenship they should be required to take the oath of allegiance as soon as they step on our shores.

Republican State Convention.

The Republican State Central Committee was in session at Lexington Thursday evening. That city was chosen as the place for holding the State convention and the 20th of May was the date fixed.

One of the main objects of the meeting was to select a man to fill the place on the Republican National Committee made vacant by the death of the late W. C. Goodloe. After a spirited discussion a vote resulted in the election of Hon. William O. Bradley to the position. His competitor for the honor was Hon. John H. Wilson, Congressman from the Eleventh district. The result was, Bradley seven votes, Wilson five votes. Colson, of the Eleventh district, declined to vote. There was quite a spirited contest over proxies of John H. Lewis and A. H. Anderson, who were contested on the ground that they were not members of the State Committee.

The C. and O.'s equipment now consists of 265 engines, 200 passenger cars and 12,000 freight cars.

A SHOE FACTORY.

But Maysville Doesn't Get It—It Goes to Georgetown, O.

The people of Georgetown, O., have become convinced that a shoe factory is a good thing to invest in, and they have gone to work and secured the establishment of one at that place.

The News-Democrat says: "By the first of July next Georgetown will have a full fledged shoe factory in operation, employing about 52 hands to start with. The matter was settled Tuesday night. The soliciting committee guaranteed the stockholders \$3,500 in cash, which is to be raised from the sale of lots and cash donations. The shoe factory men are to erect the building, thus taking the matter out of the committee's hands and relieving it from further responsibility. The work of erecting the building will begin at once.

"The stockholders are W. S. Whiteman, John M. Markley, F. M. Swope, J. P. Bielin, John A. Tweed, John M. Thompson, of Georgetown, and Laphorne & Dietrich, of Cincinnati.

"Laphorne & Dietrich are well known shoe manufacturers of Cincinnati. They will move their machinery as soon as the building is completed. This firm has now a large number of orders for fall and winter goods which will be turned out at the Georgetown factory. The capital stock is \$20,000."

Stock and Crop.

The total number of hogs in this country Jan. 1st is reported at 50,625,106, nearly 1,000,000 less than on the corresponding date the previous year.

According to the statistics prepared by Mr. J. R. Dodge, of the Agricultural Department, the total number of sheep in the United States January 1, 1891, was 43,431,136, valued at \$108,397,447. January 1, 1890, the number of sheep in the United States was 44,336,072, valued at \$100,659,761. Thus it will be seen that a less number of sheep, by about 1,000,000, in 1891, was worth \$8,000,000 more than the previous year.

The Kentucky Tobacco Growers' Association now have their warehouse open at Louisville and are selling tobacco right along. A circular issued by the managers and directors says: "Our charges are \$1.50 per hhd., with 30 days free storage to the seller and 25 cents per month after the expiration of 30 days. We charge no commission, nor do we deduct ten pounds for sample, but we pay you for the actual net weight of your tobacco."

River News.

The river has been rising steadily for the past few days.

The Bostona and Scotia will pass down to-morrow, and the Batchelor is the Pittsburg packet to-morrow night.

The Sherley at 9 and Bonanza and Hudson at 12 o'clock are due up to-night. Down this evening: Batchelor.

It is rumored in steamboat circles that the Big Sandy will be placed in the Pomeroy trade, and that the Bonanza and St. Lawrence will be put in the Portsmouth trade, making a daily packet line between Portsmouth and Cincinnati.—Exchange.

Big Bargains.

For sale, or will trade for horses, several good buggies in excellent repair.
PARKER & CO.

Another of Shannon's Old Citizens Gone.

Mrs. Rachel W. Ray, relict of Joseph Ray, died last night at her home near Shannon. She was in her seventy-fourth year. Her death resulted from an attack of pneumonia.

Deceased leaves five daughters and two sons, among them Mrs. Grant Kilpatrick, Mrs. Wm. White, Mrs. John T. Pollock, Mrs. John Ward and Mr. Wm. Ray.

The funeral takes place Sunday morning at 11 o'clock at Shannon church. The services will be conducted by Rev. Dr. Anderson, assisted by Rev. G. N. Jolly.

County Court Doings.

The commissioners appointed to divide the dower of Amanda Williams, deceased, filed their report.

An inventory and appraisement of the personal estate of Amanda Williams, deceased, was filed and ordered recorded.

A report of the estate of Elmer H. Rudy was filed by his guardian. Same order.

An inventory and appraisement of the personal estate of Wm. Forman, deceased, was filed and admitted to record.

A sale bill of the personal estate of George W. Prather, deceased, was filed and ordered recorded.

His License Restored.

At the regular meeting of the City Council Thursday evening George W. Deiner's coffee house license was revoked. He had been convicted and fined for selling liquor to a minor.

A called meeting of the Council was held last evening, and his license was restored. He claimed he was absent from the city at the time his bar-tender committed the offense.

It is learned that the saloon men were all "on their ear" yesterday morning, threatening to form an association and not take out any license next year!

The Tobacco Sales.

Frazer & Browning's auction sale of tobacco is in progress at the warehouse on Limestone street. They have about 30,000 pounds to offer.

Nearly 200 people—buyers and growers—are present. The first sale was made at 11:30 a. m., Mr. Frank Hiett, of Higginsport, being the successful bidder. He paid 10 1/2 cents a pound for a bunch of 675 pounds.

Charles Taylor is auctioneer. Bidding is quite spirited.

George W. Bolinger.

George W. Bolinger, whose dangerous illness was mentioned Thursday, passed away yesterday at 5:30 p. m., at the home of his daughter, Mrs. Nannie M. Wallingford, in the East End. He had been ill only five or six days, from pneumonia. Deceased was seventy-two years of age. His surviving children are Mrs. Wallingford, Mrs. John Powers and Mrs. Frank Easum. Funeral to-morrow at 2 p. m. at Mrs. Wallingford's home.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

It is said some of the Strong engines will be placed on the K. C. railroad as soon as the bridges and trestles are strengthened.

MINER'S MAXIMS!

In rain or sunshine,
No matter what the weather,
Miner's Shoes are declared the best,
Being made of the best of leather.

What is more essential than perfect production for the feet?
The slightest pain in our lower extremities caused by pressure, give rise to great annoyance and distress.

Now why should these annoyances be endured, when you have a remedy at hand?

What's the remedy? Why, Miner's unequaled Shoes, which are made in perfect shapes and of the best of leather.

We learn by experience that those who stick by us during bad as well as pleasant weather, are proved friends.

In like manner we find that those Shoes which stand the test of wear, are indeed proved good.

These Good Shoes, Miner is offering to the people at moderate prices.

The quality of a Shoe is sometimes cut, so as to cut the price. These are not "good shoes," because, being made cheap, they soon give evidence of their inferiority.

Miner's Shoes are not "cheap" but they are good, and are sold at a reasonable price.

They have gained a wide reputation during his experience of

58 YEARS
SELLING GOOD SHOES!

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Governor CAMPBELL has set apart April 24 as Arbor Day in Ohio.

It cost \$15,677 to run the city government at Lexington last month.

WINTER still lingers, but the indications are for some clear weather now.

Fire insurance, reliable companies. D. M. RAYMON, Agt., Court St.

A. SUMER has been appointed inspector of watches for the Kentucky Central railroad.

REV. C. S. LUCAS will preach at the Christian Church to-morrow at the usual hours.

WANTED, to sell a good buggy for \$30, cost \$60; home-made. Call on Kackley & McDougale.

The Lyceum Bureau lacked about \$150 of coming out even on their series of entertainments.

The latest craze—photo-autograph plaques. Diagrams furnished free of charge at Broese's gallery.

LADIES are requested to wait and see novelties in fine dress goods that D. Hunt & Son will show in a few days.

We have precedents for the present spell of bad weather, as it snowed May 21, 1883, and also May 31, 1889.

Fits, spasms, St. Vitus dance, drunkenness, opium habit, cured by Dr. Miles' Nervine. Free samples at J. J. Wood's.

The Million-Kendall Tobacco Company of Flemingsburg has been re-organized and will take a fresh start with a capital stock of \$20,000.

The ministers' union of this city will meet next Monday at 3 o'clock p. m. in the study of Rev. J. E. Wright at the M. E. Church, South.

Rev. Geo. T. GOULD, once a prominent minister of the M. E. Church, South, is editing a Democratic daily paper at Las Vegas, New Mexico.

The Commander of Joseph Heiser Post No. 13, G. A. R., requests a full attendance of the members at the hall this evening at 7:30 o'clock.

Rev. S. A. DAY will begin a protracted meeting in the Old Stone Church on Lawrence Creek to-morrow morning. Preaching at 11 a. m. and 7:30 p. m.

The Stanford Journal says: "The monument of the late Colonel A. M. Swope that is being put up is an immense one. The shaft alone weighs 26,000 pounds."

"All is not gold that glitters," but Ballenger, the jeweler, guarantees his goods, and you can always rely upon getting just what you buy when you deal with him.

Services at the M. E. Church to-morrow at 11 a. m. and 7:30 p. m. Subject for sermon at night: "The Dead Past or the Living Present." Rev. Thomas Hanford, D. D., pastor.

The Cynthia Western Railroad was overwhelmingly defeated Thursday in Harrison County. The proposition to vote \$150,000 subscription to the road went down under 1,200 majority.

AT THE PUBLIC LIBRARY.

The Work of Improvement Progressing—Donations and Contributions—Keep Up the Good Work.

The Library Association are pleased to acknowledge recent donations to their work—a patent sweeper and other accessories necessary for the continued care of the rooms, from Mrs. Dr. Morgan; the large book case required to complete the number suitable for the upper room from another lady friend, and a copy of the "Architect and Builder" for the magazine table from Mr. George W. Oldham.

As there seems to be such an unusual interest in this work and desire to aid it, we will state that there is room for other contributions should its friends feel inclined to volunteer them, as the above named have done.

Mr. Ort, who has contributed liberally to the fund, in money, will furnish suitable chairs for the purpose for \$12.50 per dozen, small tables to match for \$2.50 each and smaller ones without the drawer for \$1.50, with a little writing desk at \$3.

The lower windows can be furnished with blinds for \$25, and for an additional \$5 the round windows above them be treated in such a way that the light will be softened and the summer heat moderated. The gas fixtures for the lower room, for which openings have been left, can be purchased for about \$18. The estimates for the cocon matting covering for lower floor and the Greenwood book case have not been made. In addition to this, the drain pipe at the back of the house requires some attention, the yard in front could be improved, and will be, as Miss Nancy Wilson has made a liberal donation of flowers and vines for the purpose, and the heating arrangements are both unsightly and inadequate for comfort or cleanliness.

The Frank Owens Hardware Co. have a full stock of the very best quality of galvanized barbed, galvanized plain and plain annealed fencing wire. Call on them.

THERE are fifty-three divorce suits on the docket of the approaching term of the Common Pleas Court at Paducah. It looks like marriage is a failure down in that section.

Jumbo bananas 15 and 20 cents per dozen; India River bright and golden russet oranges, some as low as 20 cents per dozen; Malaga grapes cheaper than can be found in Cincinnati, at Bona's.

The "Hathaway" fence wire is the most complete thing of the kind ever made. Can be used for fencing, gates, summer houses, arbors, trailing vines, &c. Frank Owens Hardware Company, agents.

FATHER MATHEW'S TOTAL ABSTINENCE SOCIETY, Knights of St. John and the Ancient Order of Hibernians will receive Holy Communion in a body at St. Patrick's Church to-morrow morning at the 7:30 Mass.

The members of Fidelity Division No. 5, Sons of Temperance, are requested to meet at their lodge room to-morrow (Sunday) at 12:30 o'clock to attend the funeral of their Brother George W. Bolinger.

THE services at the Baptist Church to-morrow will be as follows: Sunday school at 9:30 a. m.; preaching at 11 a. m. by Rev. George Hunt, a former pastor of the church. Young People's Alliance at 6:45 p. m. Preaching at 7:30 a. m.

CENTRAL PRESBYTERIAN CHURCH—Services to-morrow, both morning and evening, at the usual hours. Preaching by the pastor. Subject in the morning: "Continuation of the Studies in the Life of Joseph." The public cordially invited.

SERVICES at the First Presbyterian Church to-morrow, morning and evening, at the usual hours, conducted by the pastor, Rev. John S. Hays, D. D. The young people's prayer meeting at 7 o'clock p. m. The public cordially invited to all the services.

Dr. THOS. ALLISON, throat and lung physician, treats specially—and almost exclusively—the diseases of the throat, lungs and air-passages, and their dangerous concomitants, together with the peculiar diseases of the female system that weaken and demoralize the whole animal economy, and lead to pulmonary consumption. Maysville office at Miss Nancy Wilson's, corner Third and Sutton streets. dit.

Rev. GEO. G. WATTS, in New York American Baptist, says: "I have the utmost confidence in Dr. Allison's character and integrity as a man and a gentleman; and, as to his mode of treatment and inhalation for pulmonary diseases, I think him far superior to any other I have met with; and should feel entire confidence in submitting myself or my friends to his care, believing that if within the reach of any remedies, his would be the most efficacious in affording relief. From a practical and happy experience, I know whereof I speak."

Dr. L. LANDMAN, the celebrated scientific optician of 159 Elm street, Cincinnati, O., has done a great work in this city. Since he came here about six weeks ago many persons suffering from impaired vision and pain in their eyes have found relief by consulting him. Among the many happy ones are: Mrs. Dr. Strode, Mrs. Smith, at Dr. Holton's; Mrs. Dr. Williams, (dentist), who had spent \$20 with other specialists but failed to get relief from them; Mr. C. Outten, who thought himself blind in one eye; Dawson McDaniel and Miss Lizzie Sadler, who were not able to use their eyes at school, and many others for whom he had to grind lenses to suit their eyes; besides hundreds of others who are delighted with his glasses. Mr. Landman proves to give more satisfaction, both in skill and price, than any optician who has ever visited this city. He will make regular trips through here now. He makes Maysville his headquarters for some time while visiting the neighboring towns in Kentucky and Ohio. His office is at Miss Nancy Wilson's, corner Third and Sutton streets. a3d2t&w1t

Dr. J. L. KIDD, of Lexington, President of the State Veterinary Society, and Secretary of the U. S. Veterinary Association, was called here Thursday in consultation with Dr. Paris Wheeler, to see Colonel W. W. Baldwin's \$10,000 stallion, Florida Wilkes. The horse was somewhat better yesterday morning.

NATURAL HISTORY.

First Paper—The Hen.

The hen is the acknowledged lay member of the community. In matters of domestic economy and the commerce of the country, she is a factor of magnitude beyond cackling.

Were she clothed with the elective right, as well as feathers, she could wield all power—political, civil and military. She could shape the destiny of the Nation, for she far outnumbers its voting population, and could have things exactly her own way.

Her product and offspring make an annual commercial aggregation of millions of dollars in the tariff statistics of the country, exclusive of what she supplies the "family" with, and yet, unlike those of her sex of the human family, who do not produce to the country as much revenue as she, she does not ask to vote, to be admitted to conferences, nor to sit as a lay delegate anywhere except on her nest in the henery or in a hollow stump.

Measured financially only, she produces more revenue to man, her size, cost of maintenance—for she makes her living by hard scratching—and average length of life considered, than any creature that cleaves the air or walks the earth save man, and she will discount many of him.

Hers is a noble character and worthy of emulation. She is upright in her daily walk and cackle, and faithfully provides for those of her household, including her "ornery" husband, for she will find a bug for the children and he will snatch it and run, and then stand around to steal another.

Hurrah for the hen. She should be the national bird, instead of the bald-headed ideal eagle, who is a misconception, a pirate and a thief. She may be slightly Mormonistic in her views, but under our sovereign guarantees via the Con. Con. this is a free country save for Mafia or Molly Maguires.

Whoever would dishonor the hen is "fit for treason, stratagem and spoils," and yet we have heard it said that there are those claiming the respectability of shoe dealers who sold hen-skin shoes, representing them as being of maximum quality.

This is not us; nay, we sell only shoes made of the highest standard qualities of leather and guaranteed to be without superior in this or any market, at a saving of 25 per cent. to the buyer. Come and see our unrivaled stock of spring attractions.

IN THE COKE REGION

Serious Trouble is Sure to
Take Place.

BLOODSHED HOURLY FEARED.

The strikers indignant because the soldiers have been sent among them. Governor Patton Orders More State Troops to the Scene of the Recent Disturbance—Other Labor Troubles.

MOUNT PLEASANT, Pa., April 4.—Gen. Wiley yesterday detailed Private Keller, of the Eighteenth regiment, who speaks seven languages, to circulate among the Hungarians and other strikers. Last night, when Private Keller returned to headquarters, he reported to Gen. Wiley as follows:

"There is going to be trouble between the soldiers and the strikers. The strikers are indignant because the soldiers have been sent here, but they don't seem to fear them. I was in two houses this afternoon where they threatened to attack me, until I addressed them in their own tongue. In one house I saw five guns and a number of revolvers. In the other I saw three guns and several revolvers. Five out of every ten of these men have served in the armies of the old country, and they know what soldiers are. They say that the soldiers who have been brought here are simply workmen like themselves and will not interfere with their movements. In of their papers of to-day that I picked up, was an article saying they need not be afraid of the militiamen, who were novices and did not know any more about warfare than the strikers themselves. They also know about all the members of the Tenth regiment and I heard them ridiculing them to-day. So far as I have discovered there is going to be trouble and it will come within the next two days. All of the Hungarians are in a dangerous mood over the killing of their fellow-workmen at Morewood, which they claim was entirely unjustifiable. Every precaution is being taken by the military to avert any further trouble.

Private Keller's warning has created a great deal of excitement and sentinels are now being placed at every point where trouble might be expected.

With the militia hurrying through the streets, and restless, nervous strikers crowding about the sidewalks and crossings, Mount Pleasant is a decidedly a lively place. The presence of the soldiers has, to an extent, driven away the uneasy feeling. Still there is too much uncertainty for comfort.

Another deadly conflict will not surprise anyone here. The strikers are in a sullen mood. The evidence before the coroner's jury, tending as it does to show that the fatal firing was hasty, has enraged them and their suppressed wrath may take fire at any time. Not less than 8,000 miners hung around town all day, and the main street in front of the armory, where two companies are stationed, was choked up from morning until night.

A collision between two strikers and an insolent soldier occurred near the Baltimore and Ohio depot yesterday morning. The guardsman was worsted in the fight and was taken off by friends. The fight tended to unsettle the general feeling and was accepted as an alarming indication.

Ex-Secretary Robert W. Achorn and Vice President Penna, of the United Mine workers, returned here yesterday. They held a conference in Pittsburgh Thursday night, and decided to continue the strike more determinedly than ever. "The killing of these men," said Penna, "has strengthened our position ten fold. We are determined not to lay down. If the operators are to be armed to protect property, and under that preense shoot down men on the highways, it is time the men were armed to protect their own lives."

At a big meeting held here yesterday afternoon strong resolutions were adopted denouncing the killing of the men at Morewood.

The funeral of the victims of Thursday morning's shooting will likely occur Saturday. Peter Wise says the entire coke country will turn out, and that about that time the people must take care. He says the burial of the dead will furnish renewed incentive for the activity of the living.

General Manager Lynch and Superintendent Ramsay appeared before Judge McCaleb yesterday afternoon and acknowledged service of warrants issued by the strikers' leaders, charging them with accessories before the fact to the felonious shooting of the strikers. They entered bail in the amount of \$300 each for a hearing next week.

Ordering the Soldiers on Duty. HARRISBURG, Pa., April 4.—The adjutant general's department yesterday afternoon issued an official order to Gen. Wiley directing that the Tenth regiment go to the support of the sheriff. He also issued an order that the Eighteenth regiment be placed under arms. The orders of the adjutant general directed Gen. Wiley to render all aid possible to the sheriff in the restoration of peace and the enforcement of the laws. Gen. Wiley is instructed to give strict orders to the troops that no firing is to be resorted to unless by order of the officer in command, and said officer shall not give such order until every other means of restoring order has been exhausted. The commanding officer will call upon the strikers to dispose in all cases before firing upon them, but if they refuse he is empowered to order the troops under his command to open fire and keep it up until the mob has fled. This order is dated last night, but now that the emergency has passed Gen. Wiley is directed to send in bills for the payment of the troops.

CINCINNATI, April 4.—Benziah, the pugilist, is reported to be sinking rapidly at the hospital. His death is momentarily expected. Benziah has taken no nourishment since the shooting, except principally milk, and he is therefore very weak.

Chopped Off His Head. FARMERSVILLE, Tex., April 4.—Israel Bowen, aged 76, Thursday decapitated D. Vance, aged 20, with an ax. The young man was asleep at Bowen's house. There is no assigned cause.

Real Estate Transfers.

Mrs. Fannie G. Slack, Win. H. Slack, and Charles G. Slack to Mrs. M. E. Barrett, 30½ acres of land near Fern Leaf; consideration, \$3,300 cash.

John E. Boulden and wife to Thomas D. Osborne, 3 acres, 2 roads and 31 poles of land on Lee's Creek; consideration, \$92.80 cash.

Chamberlain's Cough Remedy the Best of All.

LATROBE, Pa., Jan. 27, 1891.

Messrs. Chamberlain & Co., Des Moines, Iowa, Gentlemen: You have helped me considerably with a good medicine and splendid advertising. Chamberlain's Cough Remedy is the most popular cough medicine I handle.

Mrs. Griffith, wife of Supt. of the Latrobe steel works, always has your Cough Remedy in her house. I persuaded her to try it months ago; yesterday sold her the fourth bottle.

Samuel Osborne, a prominent contractor, tells me: "John MacMillan, you can't say too much for Chamberlain's Cough Remedy. Say all you can and I will put my name to it."

"Mr. MacMillan you remember asking me to try, just to try, a bottle of Chamberlain's Cough Remedy for that terrible cough which I carried for months. Well! That cough is gone. Oh! My name is Miss Wells."

Mr. Jos. Barnett, our bank cashier, had a tickling in his throat for four or five nights: "Mac, one dose only of Chamberlain's Cough Remedy and I slept until morning."

Gentlemen, these are samples of hundreds that I know.

Think of the vast number of cough syrups sold. Chamberlain's Cough Remedy excels them all. Sincerely yours, Jno. C. MacMillan,

Proprietor of the Corner Drug Store. For sale by Power & Reynolds, druggists.

Louisville Tobacco Market.

(Friday.)

Receipts were small. Excellent prices were obtained for the good burley offerings. Most of the burley offerings, however, were of an inferior quality. Lugs were stronger than on Thursday. Market strong and active on good leaf. The dark continues firm.

Cincinnati Live Stock Market.

(Friday.)

COMMISSIONER'S SALE!

MASON CIRCUIT COURT. Annie J. Weedon, &c., Plaintiff, } Equally. John H. Wilson's exec'r, &c., Defendants. }

By virtue of a judgment and order of sale of the Mason Circuit Court, rendered at the January term thereof, 1891, in the above cause, I shall proceed to offer for sale, at the court house door, in Maysville, Ky., to the highest bidder, at public auction, on

Monday, April 13,

1891, at 2 o'clock p. m., upon a credit of 6 and 12 months, the following described property, to-wit: A certain lot of ground in the city of Maysville, on the east side of Vine street, bounded on the south by Mrs. Lynch's property, on the north by Second street and on the East by the lots of Nelson's heirs, fronting sixty feet, more or less, on Vine street, with two-story and one-story dwelling houses thereon, to produce the sum of money to be made, to-wit: \$2,275.66. For the purchase price, the purchaser, with approved surety or sureties, must execute bond, bearing legal interest from day of sale, according to law. Bidders will be prepared to comply promptly with these terms. Bonds payable to ALLEN D. COLE, Master Commissioner.

I HAVE OPENED A JUNK HOUSE

In Dodson's coal yard on Wall street. Will pay 80 cents for Country Rags, 50 cents for Hot Iron, from 25 to 40 cents for Cast Iron, 40 cents for Dry Bones, and buying all kinds of Metal—Copper, Brass, Zinc and Rubber, paying fancy prices. H. OBERSTEIN.

J. J. FITZGERALD,

SANITARY PLUMBER,

Steam and Gas Fitter!

Successor to T. J. Curley, at Curley's old stand, Second street. All work done in the best manner. Satisfaction guaranteed.

Below Cost.

My stock of MILLINERY, CLOAKS, SHOES and other Winter Goods will be sold below cost, for CASH, to close them out. Don't fail to take advantage of this offer. Respectfully, ANNA M. FRAZER.

Important Event!

—ON NEXT—

THURSDAY, FRIDAY and SATURDAY,

APRIL 2nd, 3d and 4th, the GRAND MILLINERY OPENING at the Bee Hive takes place. It will be by far the grandest and most complete display of MILLINERY GOODS and Novelties ever shown in Maysville.

A very large number of elegant French Pattern Hats and Bonnets will be displayed; also everything new and stylish in the line of Trimmings.

Everyone is cordially invited to attend, and Miss ALICE SHEA, who has charge of the BEE HIVE'S Millinery Department, would be glad to have her friends and former patrons call. Prices very reasonable and everything fresh, new and stylish.

A magnificent line of Children's Caps and Hats in Silk, Dimity, Embroidery, Lace and Mull will also be exhibited.

Don't fail to attend, and remember the dates, April 2nd, 3d and 4th.
